

HR Management

HR management for small-medium enterprise (SME) is ripe for an overhaul. Now you can hand over the HR reins with absolute confidence. WorkforceLogistics is full turn-key, automated HR administration in real time and it's the only solution if its kind. With the seamless, automated integration of HR processes and best practices, software and expertise, we'll have your HR operations functioning at full speed in 90 days, once and for all.

Why WorkforceLogistics?

Leader Time & Focus

Focus squarely on your core business. Free your organization and its leaders from HR-related administration, distraction, emergencies and obstacles.

Employee Expectations

Exceed employee expectations for care, accuracy, timeliness and convenience in the management of employment relationships.

Compliance

One complete, electronic employee record for every person. Full compliance with current and new standards and legislation. (Think Employment Standards, Accessibility and Privacy)

Employer Risk

Mitigate legal, regulatory, and financial exposure with legal best practices and documents, and proactive and closed-loop situation management.

Cost Savings

Save at least 50% on the direct costs alone of traditional small-medium enterprise HR management solutions.
